

The Ream Report

The latest on all things Kitchens, Bathrooms, Bedrooms, Home Living and Appliances from Ream Interiors...

Your perfect match...

It's the month of love, and everywhere we turn we're reminded to cherish and celebrate those around us. Surely the same should apply to your home? After all, this is the space where we celebrate those memorable birthdays, where we enjoy dinners together and where we can shut the rest of the world out after a long day.

We're passionate about helping you design a space that you love and will continue to love for many years to come. Give us a call on 02033 880 617, or email us at design@ream.co.uk to speak with one of our designers, who will be more than happy to talk through your new project with you.

EX DISPLAY OFFERS-

Ex-Display interior furniture, ready to be installed in your home at a fraction of the price.

WHAT'S HOT IN THE SHOWROOM?

Our lovely new presentation area is up and running!

Interior Of The Month!

Mr & Mrs Palmer

As a second bedroom, our clients Mr and Mrs Palmer were keen to go for something a little different and a bit more creative. Having recently downsized, making the most of the storage space was an absolute must.

Our designer, Lara, took Mr and Mrs Palmer out of their comfort zone when introducing them to the distinctive Fjord Green finish. The risk undoubtedly paid off. The soft green wardrobes and plush yellow sofa create a vibrant and on-trend bedroom that doubles up as a luxurious dressing room.

A full stretch of floor to ceiling units offers exceptional storage capacity. The sleek and seamless built-in design creates the illusion that they are part of the room, preventing the space from feeling cluttered and claustrophobic.

Scan the QR-code to see the full project on our real projects page!

“The green colour is something we would never have thought of before, but once Lara showed us the design, we absolutely loved how different it was from anything else in our home!” – Mr & Mrs Palmer

Fancy your project being featured?

We would love to showcase your projects in our next issue. Simply send your images and project details over to marketing@ream.co.uk, or contact us to arrange a *free* professional photoshoot.

Every entry which is sent in and featured will be given a brand new set of AEG pans! We look forward to seeing all your fabulous transformations.

What's Hot In The Showroom?

New Presentation Areas

We've been working hard over the past few weeks to make some amazing changes to our award-winning showroom. Two brand new presentation areas are now up and running and we can't wait to show them off!

Coming away from the busy showroom and sitting down with our designers in these quiet and relaxing rooms, will allow you to sit back and take in all the details about your new project! The large screens ensure you will be able to see every inch of your new and exciting home interior!

Designer Discussions

Your monthly feature from our expert designers

Utility and larder rooms and how they can work for you.

A utility or larder room can be of great benefit to any home. They provide a space for the amenities which do not fit into the general layout of your kitchen. Most people want a utility area to hide the bulky appliances that waste room in the kitchen, whereas others opt for a larder for easy access to cooking supplies. Both make great use of space!

Utility Rooms

A utility room gives you the opportunity to stow away some of the items you may not want in your kitchen, such as noisy appliances like your washing machine and tumble dryer. You may also prefer to declutter your worksurfaces by storing non-integrated appliances in another room.

Another great addition to a utility room is a sink that can be used for messier duties such as washing walking boots after muddy dog walks or cleaning up paintbrushes after a day of home improvements.

Having a place where you can leave mucky items and worry about cleaning them up later can be invaluable if you have a busy household and need somewhere to shut away those bits and bobs you just don't have time to deal with right away!

Adding smart storage such as tall cabinets for your ironing board or clothes airer can also be a good way to utilise the space. Another popular addition is a wall mounted clothes drying rack. Not only does this save space but it can also be folded away easily.

Larder Rooms

A larder room can offer that extra storage needed for spices, baking goods and other things you may not reach for every day.

You do not need a huge kitchen to incorporate a larder. Building one into a small kitchen can work really well, as, although it will take up more floor space, it will utilise the floor to ceiling space fantastically.

A well-designed larder combines a good array of storage such as spice racks, drawers and shelving to house spices and ingredients as well as small appliances like your microwave and coffee machine.

The Aisling kitchens in our showroom champion the built-in larder, and even offer the option of adding personalised lettering such as 'Biscuits', 'Bread', 'Baking' so that you can keep things super organised!

Thinking of adding a utility or larder to your home? Give us a call today and we will be more than happy to talk you through more design options.

In The Know...

The season of love...is a pink kitchen for you?

One of the biggest trends we can't wait to see blossom in 2022 is the rise of the pink kitchen!

A warm and playful colour, pink is an extremely versatile shade. It can be toned down with timber accents or paired with black for an industrial feel.

If vibrant decor is more your style, you can combine it with other energetic colours such as orange or green to achieve the perfect colour clash!

If pink has your heart, but colourful cabinets are a step too far, a great option could be painting your walls your favourite shade of pink before combining with cream or white cabinets for a softer look, or sage green for a bold statement.

Coloured splashback tiles also offer a wonderful way to incorporate this fun colour! Or, if you're thinking of something more discreet, try painting the inside of your larder room!

Did you know we can change your old appliances?

In any loved kitchen, there will be appliances that will become dated. We know replacing them can be a bit of a chore, so we are going to make this easy for you!

If you have previously bought a kitchen with us before, we can easily find your old project and recommend new ones to suit both your needs and kitchen style. Give us a call to find out more!

A Great Start To 2022...

The start of a new year is the perfect time to reflect on your achievements, hard work and success. 2021 ended on an extremely high note for us and our designers. Not only were we nominated for two BuildIt Architecture Awards, but we also ended up in the final 6 for the KBSA Designer of The Year! These awards and commendations recognise our designers' talent and hard work, and we're extremely proud to show them off! We can't wait to start 2022 on a high and see what we can do over the next 12 months.

We are over the moon to announce that we have won 2 amazing awards from BUILD Magazine.

The BUILD Magazine Architecture Awards aim to spotlight the incredible projects and works conducted by the world's most innovative designers and architects. Nominations are provided by BUILD subscribers, online visitors, social media following and clients. The BUILD research team then gather and cast their final judgement based on various criteria, such as client dedication, innovation, business growth, longevity, online reputation, client feedback and business performance.

We couldn't be more excited to announce that our talented designer, Lara Kerslake, was nominated for the KBSA's Kitchen Designer of The Year Award 2021!

Lara received a nomination in the kitchens up to £25k category for her fantastic work on Mr and Mrs O'Connor's stylish contemporary kitchen in Cliffe Woods. Our clients were looking to make a dramatic statement with an edgy modern design.

The award recognises exceptional talent in the industry and highlights the designers to look out for in 2022.

Cook it with **AEG**

Gnocchi with lemon & sage sauce, the perfect Valentines night showstopper.

- Prep time: 20mins
- Cooking time: 45mins
- Serves 2-4

ingredients

- 500g potatoes
- 160g flour
- 1 egg yolk
- 1½ tsp salt
- 1 pinch grated nutmeg
- Cornflour

For the sauce:

- ½ bunch sage
- 1 lemon
- 80g onion, finely chopped
- 40g butter
- Salt and pepper
- 50ml white wine
- 250ml cream

Chef Tip: Sprinkle with crispy bacon if you want to add salty flavour notes and more texture

directions

- Clean and peel the potatoes and bring to the boil. Let them cool completely, then mash
- Form a dough with potatoes, flour, egg yolk, salt, pepper and nutmeg. Divide into five and roll each piece into thumb-thick 'ropes', lightly sprinkling the surface with flour so that the dough does not stick
- Cut ropes into 2cm pieces and place on perforated steamer tray. Steam the gnocchi on shelf level 2 on Full Steam at 95°C for 30 minutes
- To prepare the sauce, snip sage leaves from the stems and set aside 8 leaves for garnish, finely chopping the rest. Zest and juice the lemon
- Sauté chopped onion in the butter and season to taste with salt and pepper. Add white wine and let it bubble for 2 minutes, add cream and reduce to two-thirds. Add the chopped sage leaves, lemon zest and lemon juice
- To serve, toss the steamed gnocchi in the sauce, then serve on preheated plates and garnish with sage leaves, a little grated Parmesan to taste, plus salt and pepper

Cook it with **AEG**

Chocolate orange madeleines, the sweet end to your romantic meal.

- Prep time: 10 mins
- Cooking time: 10-12 mins
- Serves 12-15 madeleines

ingredients

- 100g unsalted butter, plus extra for greasing
- 2 large eggs
- 100g golden caster sugar
- Zest of 2 oranges
- 2 tbsp orange juice
- 100g plain flour
- 1 tsp baking powder
- 140g dark chocolate (70% cocoa)
- You will need a 12-hole madeleine tin. This will make between 18-24 Madeleines depending on the size of the tin.

Chef Tip: Adding a pinch of salt into the melted dark chocolate creates a more complex flavour

directions

- Melt the butter until it is foamy and turns a nutty brown colour. Pour into a bowl and set aside to cool
- Beat eggs and sugar in an electric mixer, then add the orange zest and juice and mix until thick and pale. Add the melted butter and mix thoroughly. Combine flour and baking powder then add to the mixer a spoonful at a time and fold in carefully
- At this stage it may be chilled overnight.
- Add about one heaped tablespoon of the mixture to each madeleine hole (or pour the batter into a piping bag and pipe mixture into each hole)
- Bake on Low Humidity at 160 degrees for 10-12 minutes or until golden brown around the edges. Turn out immediately onto a wire rack and leave to cool
- In a saucepan melt the chocolate on a low setting on the induction hob
- Dip each madeleine halfway into the melted chocolate, allowing the excess to drip off, or drizzle the chocolate over the madeleine, then place on a sheet of baking parchment. Allow the chocolate to set before serving

Ex-Display Offers

Prices too good to miss!
